WHAT ARE FERMATA MUSIC CLUBS?

Fermata Music Clubs will allow steady progress in a fun and relaxed musical environment. We have designed each program in-house to achieve a certain amount of outcomes. Whether it's a six-week Music Theory course to prepare you for your next EXAM, or Intro To VIOLIN or GUITAR, you will develop new skills each time, and at the Club's end, we will have mini performance or assessment to track our progress.

Fermata Music Clubs are the much needed GROUP MUSIC CLASSES recipe where your children can improve their music skills, build confidence and feel a sense of collaboration in medium size groups.

We conduct our group lessons in a relaxed atmosphere where the music matters and passion plays.
